

## WORKGROUP PRODUCTIVITY... NEXT LEVEL AND BEYOND

The new TASKalfa 4012i and TASKalfa 3212i are truly reliable A3 monochrome MFDs for small to medium-sized workgroups. Built on a user- and eco-friendly platform, the network-ready devices offer busy workgroups fast speeds, flexible paper handling and high-quality imaging.

With durable, long-life consumables, these expertly-engineered MFDs optimise workflow at every stage of the document life cycle. Users create, access, store and share information faster and more securely than ever before. From intuitive walk-up operation to mobile access, this A3 monochrome MFD all-in-ones are all that, and more!
