

Recycling e-waste the right way just got easier.

Enhancing our environmental focus.

KYOCERA Document Solutions has always had a strong environmental focus. Through **SIMS Recycling Solutions**, we are now able to offer a collection and recycling service to KYOCERA customers. This service can recover over 98% of e-waste material keeping it out of landfills.

What is the cost?

KYOCERA Document Solutions funds the recycling service for KYOCERA customers in Metro area in Sydney, Melbourne, Brisbane, Perth, Adelaide and Canberra. This means that it is a service you can use to ensure that your e-waste is properly recycled. Customers in Regional areas, please call +61 2 8708 2024 or email kyocera.bookings@simsmm.com to discuss pick-up arrangements.

Recycle e-waste today in a few easy steps!

Consolidate the e-waste in one location ready for collection

Email or call SIMS with a photo or list of equipment to kyocera.bookings@simsmm.com or +61 2 8708 2024

Call SIMS on 1300 259 1300 or +61 2 8708 2024 or email kyocera.bookings@simsmm.com with reference number KYOCERA2591 to provide your business address

PLEASE NOTE

- Recycling of 'In-scope' products will be free of charge for Kyocera customers. "In Scope" means Televisions/Monitors/Computers/Peripherals/Printers/Scanners. Loose Toner & printer cartridges are not 'in-scope items' please refer to [PlanetArk for further information](#).
 - Collections in NSW will be free of charge for In-Scope products.
 - Collections in other states will require POA (Price on Application).
- However, we have a drop off point for Kyocera customers in every states (for a free recycling) —all customers should contact to confirm the closest location.
- When organising a collection, the device should be easy to access and on ground floor. SIMS will not be able to collect under difference circumstances due to OH&S issues.
