

# Recycling e-waste the right way just got easier.

## Enhancing our environmental focus.

Kyocera Document Solutions has always had a strong environmental focus. Through **Ecycle Solutions**, we are now able to offer a collection and recycling service to Kyocera customers. This service can recover over 98% of e-waste material keeping it out of landfill.

## What is the cost?

Kyocera Document Solutions provides a recycling service for Kyocera customers. A fee is charged to have your items collected and sent to the certified **Ecycle Solutions** facility where all your items are securely and responsibly recycled. Please call **1300 432 925** or email [orders@ecyclesolutions.net.au](mailto:orders@ecyclesolutions.net.au) to discuss pick-up arrangements\*.

## Recycle e-waste today in a few easy steps!

Consolidate the e-waste in one location ready for collection

Email with a photo [orders@ecyclesolutions.net.au](mailto:orders@ecyclesolutions.net.au) or call **1300 432 925** with a list of equipment

Mention **KYOCERAES** & provide your business address

### \*PLEASE NOTE\*

- Loose Toner & printer cartridges please refer to [PlanetArk](http://www.planetark.org) for further information - [www.planetark.org](http://www.planetark.org).
- Credit card required for booking. Please have dimension and approximate weight prior to booking.
- Collections will require POA (Price on Application).
- However, we have a drop off point for Kyocera customers in every states (for a free recycling) – all customers should contact 1300 432 925 or alternatively [www.ecyclesolutions.net.au/drop-off-locations](http://www.ecyclesolutions.net.au/drop-off-locations) to confirm the closest location.
- When organizing a collection, the device should be easy to access and on a ground floor. ECYCLE SOLUTIONS may not be able to collect under difference circumstances, due to WHS compliance protocols. This can be directed at the time of your enquiry.
